

# Oasis Academy Aspinal Accessibility Plan

## 1. Introduction

The Equality Act 2010 replaced previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful.

Schools have to carry out accessibility planning for disabled pupils.

## 2. Aims of the plan

We are committed to providing a fully accessible environment which values and includes all pupils, staff, academy councillors, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

## 3. Coverage of the Accessibility Plan

Oasis Academy Aspinal plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities.

## 4. Information gathering

The following information was considered when formulating the plan:

- The nature of the academy population

- The nature of the academy, including a consideration of the impact of the academy's existing plans and priorities
- Pupils already in the school and moving through it
- The nature of future intake
- The level of staff awareness of Equalities legislation
- The presence of disabled pupils and their participation in the life of the academy
- The impact on disabled pupils of the way in which the academy is organised, for example, academy policies and practices around the administration of medicines, time-tabling, antibullying policy, school trips and teaching and learning
- The physical environment of the academy
- The curriculum
- The ways in which information is currently provided for disabled pupils
- Outcomes for disabled pupils including end of key stage results and achievements in extracurricular activities

## 5. Action Plans

Attached are Action Plans relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years.

We acknowledge that there is a need for ongoing awareness training for staff and academy councillors in the matter of disability discrimination and the need to inform attitudes on this matter.

## 6. Accessibility Plan links to other documentation

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Equality Policy
- Health and Safety Policy
- Inclusion Policy
- Behaviour Policy
- Anti-Bullying Policy
- Academy Development Plan

Information about the Accessibility Plan will be published on the academy website.

The Plan will be monitored by the academy Council and OCL through the Strategic Reviews.
