## Part A: Pupil premium strategy plan

### Statement of intent

This plan sets out the ways in which we aim to ensure our pupil premium children are receiving adequate support to enable them to thrive whilst in education and further life.

*Our aims are to support disadvantaged children have equal access to education through supporting them to improve attendance, increase self-esteem and aspirations and support new arrivals into the academy.*

*Evidence shows that children from disadvantaged backgrounds generally face extra challenges in reaching their potential at school and often do not perform as well as their peers. Quality First Teaching occurs in every classroom every day, and therefore the following plan shows how we expect to go above and beyond to offer high quality support to our disadvantaged children.*

*Following two academic years of successive school closures and reduced face-face teaching, it is important to prioritise high-quality catch-up interventions delivered by teaching staff.*

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	High mobility in the academy
2	Attendance of disadvantaged pupils being lower than their peers.
3	Lack of self-esteem and aspiration
4	Lack of cultural capital
5	Historically non-pupil premium children achieve greater academic success than pupil premium children

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

*Due to COVID-19, academic performance was not measured last year.*

Based on internal assessment and monitoring, 65% of the school were working at expected or above for Reading. All children made good progress from their starting points. The school experienced 43% mobility last academic year.

More able disadvantaged pupils achieved greater depth in reading and maths, reaching their full potential. This was based on teacher assessment, mock statutory assessments and standardised test.

All staff received a range of CPD last academic year, including around Pedagogical approaches to further strengthen the strong teaching already taking place.

Attendance of pupil premium children was 2% below that of non pupil premium children over the year, however the introduction of a family support worker increased the attendance of the 3 children she was supporting over the last term.

### Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*
